

ChannelLine boom

Product advantages

- Determine the light colour and brightness yourself
- Allows a variety of individual lights

Features

- For use with ChannelLine D, D2, i, i3 and U
- Elegant boom to turn the profile into an overhead light
- High flexibility through individual components

Application

- On wardrobes
- Above mirrors

Order information

- From 400 mm length we recommend at least 2 booms
- Screws and cable clips included
- Versa lights and ChannelLine profiles must be ordered separately
