

## Channelline G

### Product advantages

- ▶ Recessed/surface-mounted profile
- ▶ Glare-free and angled light emission
- ▶ For flush mounting

### Features

- ▶ Opal cover - very little change in light colour and high break resistance
- ▶ Homogeneous light line with Versa Inside from 120 LED/m with opal diffuser
- ▶ Inclined beam angle of approx. 90°

### Application

- ▶ Cabinet interior lighting
- ▶ Retrofitting in kitchen niches
- ▶ Product presentation on sales shelf

### Order information

- ▶ Two Versa Inside can be installed - one radiates diagonally and one straight out of the profile
